

## Enthaice Bar & Grill

With an eye on attracting a younger, more market-savvy customers, Enthaice Bar & Grill approached our design team with a specific, yet unidentified vision.

Tasked with creating brand design and marketing materials that defied traditional design but still retained cultural aspects branding of Thai culture, we developed a logo design that was sharp, edgy.

Using dynamic images of real-life activities, we created a website for all platforms which can be access anywhere that challenged how people think about Thai food.
